Unmatched Curriculum Digital Licence Terms

Digital PE curriculum access for schools

UNMATCHED COACHING LTD. Version 1.0

Document owner: Unmatched Coaching Ltd

1. Supplier, product and agreement

Unmatched Curriculum is a trading name or service brand operated by Unmatched Coaching Ltd (company number 13366344). These terms apply to online PE curriculum resources, plans, tools and other digital services purchased by a school or academy. They do not govern in-person PE coaching or parent-funded clubs.

The accepted order or online checkout identifies the subscription or licence, access period, permitted users, price, main features and any support commitments. No specific integration, accreditation or feature is promised unless included in that description.

2. School accounts and access

The school will nominate authorised users and ensure passwords and login credentials are kept secure. Accounts are for the named school's authorised staff and must not be shared with other schools or external organisations unless the licence expressly permits multi-school use. The school will promptly remove access for staff who leave and tell us about suspected unauthorised access.

3. Licence and intellectual property

Subject to payment and these terms, we grant the purchasing school a non-exclusive, non-transferable licence during the agreed term to access materials and use them for internal teaching, lesson planning and school PE delivery. Teachers may make reasonable internal classroom copies where the material is identified as downloadable or printable for that use.

Unmatched Coaching Ltd retains all intellectual property in its curriculum materials, original lesson plans, layouts, software and associated resources. Schools must not resell, publicly repost, sub-license, scrape or provide access to another organisation without written permission. No transfer of ownership is made by purchasing access.

4. Orders, fees and duration

Prices, VAT treatment (if applicable), start dates and payment schedule are as displayed in the accepted order or invoice. Unless an order expressly establishes an automatic renewal, the licence ends at the end of its purchased period and does not automatically renew. Any renewal price or changed material terms will be communicated before a new commitment. Access may be paused for substantial undisputed non-payment after reasonable notice and an opportunity to resolve the issue.

5. Platform operation, changes and support

We will exercise reasonable care and skill in delivering the agreed digital service. Short maintenance windows or third-party outages may affect access; we will communicate material problems and take reasonable steps to restore the service. We may improve or update materials, but will not remove a core purchased feature without a reasonable solution or appropriate remedy.

The school retains professional responsibility for evaluating resource suitability, adapting teaching to children and following the National Curriculum, safeguarding and its own assessment responsibilities. Teaching materials support professional judgement; they are not a substitute for it.

6. Data protection and school information

Each party will comply with applicable UK data-protection law. Our Privacy Notice explains processing of contact, account and usage information. Where the product includes identifiable pupil records, assessment or sensitive information, the parties must agree the appropriate controller/processor arrangements and safeguards before such features are used. Schools must not upload special-category pupil information unless it is necessary, supported by an appropriate agreement and the feature is designed to handle it securely.

7. Cancellations, defects and remedies

A school's right to cancel or end a paid licence is as set out in the order, any mandatory legal rights and this clause. If we materially fail to provide a contracted service and cannot remedy it within a reasonable period following notice, we will discuss an appropriate proportionate refund, extension or other contractual remedy. Fees already earned for satisfactory access normally remain payable. No term excludes liability that cannot legally be excluded.

8. Confidentiality, responsibilities and law

The school must keep non-public platform and curriculum materials confidential except for agreed internal use. We will protect confidential school information and disclose it only where reasonably necessary for contracted service providers, legal obligations or safeguarding requirements. Questions can be sent to contact@unmatchedcoaching.com. These terms are governed by the law of England and Wales. Changes to existing orders require appropriate notice and, where material, agreement.
